OF

COLONEL IRVINE JUNIOR HIGH

1st EDITION

PRINCIPAL'S MESSAGE

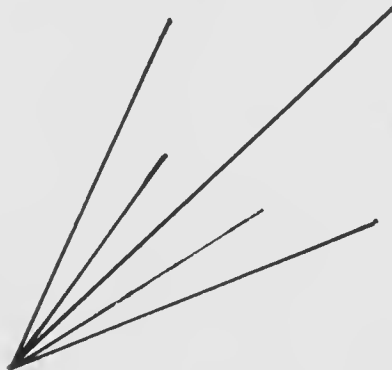

This yearbook, the first in the short history of our school, is another milestone in the development of the abilities of our pupils. This book is not only of interest to you now because it deals with the pupils and their activities but it will be a very valuable keepsake in the future and a reminder of your school days at Colonel Irvine.

Ten, twenty or even fifty years from now you will pick up this book. As you turn the pages you will recall the names and faces of your present classmates. What have they done with their lives? What will you have done with yours? This might be a good time to ask yourself "What do I want out of life?"

The first answer that will come to your mind is that you want fun. There is nothing wrong with this answer providing that it doesn't harm others, and that you can pay for it. Experience has proven however, that those whose main aim in life is pleasure, find that it becomes very boring and unsatisfactory. The people who are the happiest are those who are working at a job they enjoy, who have trained themselves so that the work they produce is of high calibre. As a result they are valued and appreciated members of the community. No matter what type of work you may choose, if you do it well, you will be needed.

I should like to give you the following advice to guide you in your search for the answer to this question. Good health is of prime value. A healthy body is of great importance to a healthy mind. Let the vigor and cleanliness of your body be as precious to you as the integrity of your character. Get plenty of exercise, eat proper food and get to bed at a reasonable hour. Character is second only to health. One of our aims in this school is to transform egos into ladies and gentlemen. Kind words cost so little and are worth so much. To speak ill of others is a dishonest way of praising ourselves. If you can't say good things, say nothing. In fact, nothing is often a clever thing to say. Do not be afraid of criticism from others. One of the objects of schooling is to receive criticism in order to improve. Have a religious faith and live by it. Know what is right and what is wrong. Civilization has built up rules that have stood the test of time. If you think you can break these and be happy, you are very wrong. The more man learns through science, the greater is his realization that only an omnipotent power could create and regulate our universe. Build an economic basis under your life. But don't get caught in the rat trap of money making as a profession. Many of you are learning how to save now. Others unfortunately cannot discipline themselves to curb their immediate desires.

You have been born into a wonderful, exciting world. It has been and is peopled with those who have accomplished a great deal to make it better. You must pay for the privilege of living in this world. I once heard a great man say "For my place on earth, I must pay a daily rent." I know that you are willing to do this, that you will be able to add to the accomplishments already made. Let us thank God and nature for life's bracing trials and challenges, its educative punishments and rewards, its priceless gifts of beauty, wisdom, labor and love. May I hope that a few years from now you will be able to repeat the following lines truthfully.

Let me but do my work from day to day,
In field or forest at the desk or loom;
In roaring market place or tranquil room.
Let me but find it in my heart to say,
When vagrant wishes beckon me astray,
This is my work, my blessing, not my doom.
Of all who live, I am the one by whom
This work can best be done in the right way.

D.E. Bickell

GUEST ARTICLE

Thinking of young people in general and young Canadians in particular is very exciting.

Pictures in our history books show a lot of bearded old looking people who were the founders, explorers and builders of Canada. Beards were worn in those days and made these men appear old. Although this seems a simple explanation, the pictures were often made after these men had finished their wonderful deeds.

Henry Kelsey joined the Honourable Company of Gentlemen Adventurers which we know as the Hudson's Bay company in the year 1684 at the age of fourteen. When he was nineteen he was "put ashore with an Indian boy north of the Churchill River to trade with the Northern Indians". At twenty, he was head of an expedition into the West, and was the first white man to see the buffalo.

Samuel Hearne discovered the Coppermine River on 13 July, 1769 when he was twenty-four.

When the North-West Mounted Police was formed the men who joined the force were mostly thirty years old. Your own Colonel Irvine was one of them.

Nowadays Canada is called a young country. Sometimes this is infuriating because the words are used in a patronizing way. This however, should never upset any young Canadian who has pride in his or her land, and a determination to continue the youthful ideals of those who followed the stars, and had great moral and physical courage.

These are the ones who set a pattern of good quality. Cattlemen imported the finest animals so that the best breeds would be bred on the great grasslands. Men in the business world have insisted that the best ethics guide their production, and manufacturers efforts are continually being made to give our young people the best education.

The Right Honourable Vincent Massey, C.H., had this to say in a speech to the students at the University of British Columbia, "...you have, or you should have by now, a conception of knowledge and insight in all areas worthy of investigation, as rewards in themselves. Having such a conception, it is for you by example and precept to promote the love of truth and the desire for knowledge. It is for you to represent to others less fortunate, that aspect of civilization without which all our material comforts are worthless; without which we cannot provide for the good life of the individual in society. It is for you to show in yourselves that the love of pure knowledge, and the earnest pursuit of it, are as much the obligation of the democratic citizen as the exercise of the vote and the acceptance of public office".

I should like to thank you for your great compliment in inviting me to write a few thoughts for your year book. You have given me many hours of pleasant thought about you; sometimes to search through collections of histories and books of writings, as well as a challenge to which you have set me a perceived ideal that it is well to "look upward".

BEST WISHES

FROM
NORTHMOUNT KIWANIS YOUR LOCAL KIWANIS CLUB

GRADE SEVEN SOCIAL

On the evening of February nineteenth at seven-thirty to ten o'clock the grade sevens held their first social of the year. Although it was a few days late it was to commemorate "Valentine Day".

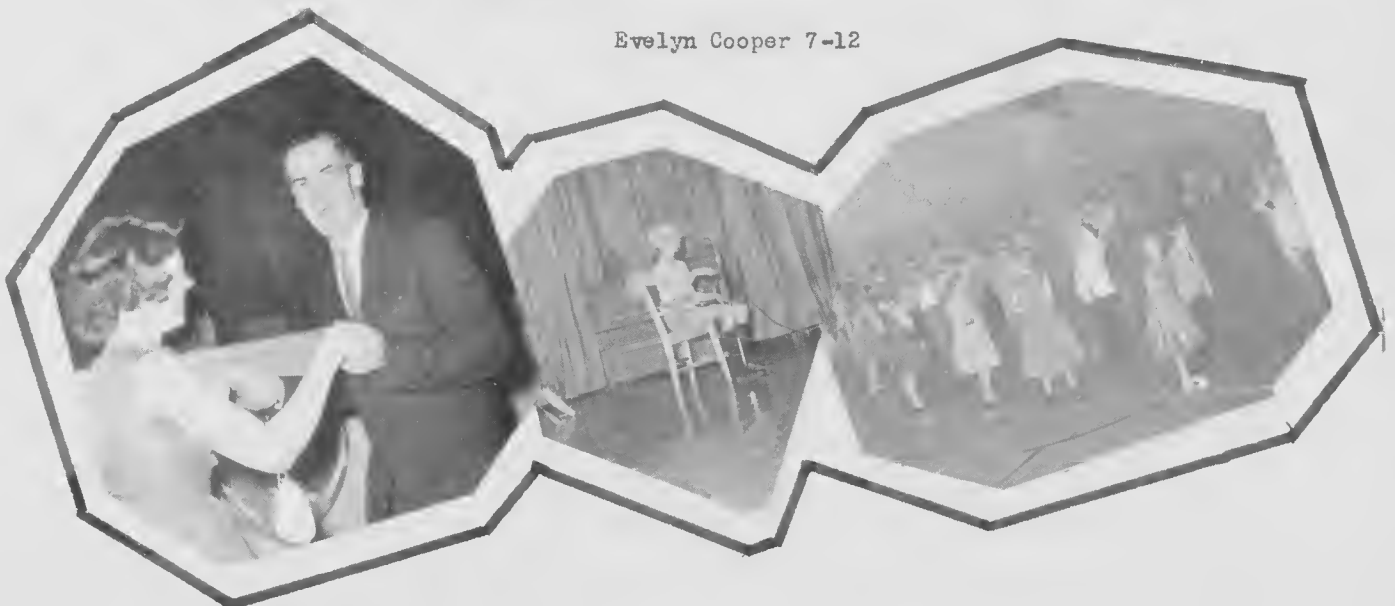

The social was called the "Parade of Hearts", and the auditorium was beautifully decorated with streamers, cupids and red hearts.

For entertainment there was dancing which included jiving, square dancing, waltz's, the Virginia reel and the Bunny Hop. We also had relay races. Prizes were given to the best dancers and winners of the races.

For lunch soft drinks and hot dogs were served.

The social was a big success because it was well organized and many parents and students turned out for the social.

Evelyn Cooper 7-12

GRADE EIGHT SOCIAL

The grade eight social "Leap Year Phantasy", was held on the 26th of February, and was sponsored by the Students Council. In charge was Peter Van Boeschoten, who I'm sure everyone thought, did a very good job of introducing the numbers. The dance got off to a very fine start and many different types of dances were exhibited. George Ellis and Linda Engstrom both had a good time after winning two big lollipops for spot dancing to the song by that name. Also Ron Whitney and his partner Pat Beaudry won two chocolate bars for winning the freeze dance. About 8:45 everyone had a delightful time eating hot dogs and pop. This committee was headed willingly by Miss Tench with Miss Johanson helping. Towards the end of the night square dancers were brought in. They were very well done in this manner. The evening ended in a home waltz, and by the looks of things everyone had fun.

Queen

Miriam Hickey

Snow

Twirl

The Grade Nine Social of December 18, 1959 was called the "Royal Snow Twirl". The program got off to a start with the Grand March. After partners were established a few round dances were tried. When the girls had rested their feet after these, the students were divided into about nine squares for square dancing. The rest of the program was made up of jives, round dances and waltzes.

About nine-thirty the students were ushered downstairs where they had a lunch consisting of pop and hot dogs.

The decoration committee did a fine job of decorating the auditorium. Streamers were hanging from the baskets and across the back of the hall was the name, "Royal Snow Twirl". On the stage was the throne of the Snow Queen.

The Snow Queen Contest was won by Miriam Hickey. She was picked out of ten contestants, two from each room.

The majority of grade nines attended the dance and all in all the dance was a huge success. The success was due mainly to the time and efforts of Mr. McDougall who did a fine job conducting the dance practices and the dance, with the help of Mr. Knibbs, Mrs. Grose and Miss Lieske.

"YOUR FAMILY DRUG STORE"

CLUBS

AUDIO VISUAL AIDS

The Audio Visual Aids Club has been an active club ever since Colonel Irvine was opened. Funds raised from movies and shags have been used in obtaining film strips and a tape recorder. This year \$175.00 has been raised from the showing of two movies.

The members, numbering eleven, have been instructed on how to operate the tape recorder, the movie mite and the slide projector. Also extra instruction on the public announcement system and lights was given to advanced members. This has progressed very well.

The club's executive are as follows: Bill Hesser - president, Ken McTavish - vice-president, Allan Rae - secretary and junior instructors. Mr. McColl is the club sponsor.

The Audio Visual Aids Club hopes to continue being active in Colonel Irvine for a long time to come.

SCIENCE CLUB

During the first half of the year the science club held interesting discussions about the battle between the United States and Russia for air supremacy and about what would happen if the experiments with atomic bombs continue.

The members looked at many different articles through microscopes which two of the Science Club members brought to school. In the remaining half of the year the members brought some dinosaur bones and old fossils to school. The opportunity to conduct some simple experiments was also enjoyed.

SQUARE DANCE CLUB

Since the Square Dance Club started early in October members have learned several dances. There were from 30 to 40 members. Mrs. Grose, teacher in charge, taught the students how to promenade and many interesting square dance swings. She also taught the club members a few different steps to fancy up their dancing.

ART CLUB

The Art Club, an active group of 23 students, concentrated on various projects. Some students obtained sheets of copper and patterns from Mrs. Henderson, our sponsor, and began their attempts early. Later, others worked on covers for the Yearbook, "Reflections".

After March the members made models of various types, figure drawings and sketches. We hope that this club will prosper and carry on for the year to come.

BADMINTON CLUB

The Badminton Club was the most active club in our school this term. The Club was divided into two groups, Group "A" the experienced players and Group "B" the beginners. Group A played on Friday afternoons while Group B played during noon hours on Wednesday. The club entered members in many tournaments. At the Junior High School Mixed Doubles Badminton tournament they captured the "Runners Up" Trophy.

A membership fee of \$1.35 was paid by all members to join the club. When their finances ran low they sold chocolate bars. Members of the executive included: Michael Desson - president, Campbell McCubbin - vice-president, Peter Van Boeschoten - secretary, Mary Paugh - treasurer and Mr. Barnhill was staff sponsor.

LIBRARY CLUB

The Library Club was busier than it appeared to be, for besides the circulation of books, both during and after school, there were various other jobs to perform. These included sorting cards and reference materials, preparing book displays and the making of a set of ringbinders. These contained selected book jackets under story headings - girls stories, boys stories etc.

The ultimate aim of the Library Club was to improve the library, to give you a bigger, better selection and to increase your interest in books.

The club had a membership of 25 and was under the sponsorship of Mrs. Smith. President of the group was Betty Whitnack while Lorraine Youngren acted as secretary.

TABLE TENNIS CLUB

This year an interested group formed the first Table Tennis Club in the school. The executive was Jimmy Dielessen - president, Herb Mayer - vice-president, Susan Yule - secretary and Alan Gregory - treasurer, and Mrs. Beers teacher sponsor. With the 26 membership fees of 50¢ each, the executive was able to purchase equipment for the club. This enabled the members to proceed with a weekly round-robin. At the completion of the round-robin series and recognition of the winners, a tournament within the club was held.

BOYS JUNIOR LEADERS CLUB

This Club was organized on the basis that a boy attending a public school in Calgary has a duty and service to perform for his school. Our Motto was "Building Boys is Better than Mending Men". It was a leadership squad that gave invaluable assistance to the Physical Education Program. Workouts, games and leadership theory formed the program. We met each Wednesday evening at 7:00 p.m. to learn the various tasks. The skills in P.E. were learned so that others might be taught. There was a regular attendance of 45 boys. Instructors were Mr. McDougall and Mr. S. Black.

DEBATING CLUB

The Debating Club members were a varied group of individuals, each one with his or her own opinion and ready to give it at the drop of a hat.

The president was Carolyn Gray, the secretary was Joanne Spear and Miss Calladine was teacher sponsor.

There were approximately 24 members who were all active participants of each debate. Most of the debates were on teen-age problems and ways of improving around the school.

CHESS CLUB

The Chess Club at the beginning of the year first taught new members how to play. The next object was to have tournaments. Each grade competed amongst themselves. The winner of each grade then played the other winners for the final championship. Mrs. Hutton was teacher sponsor.

I.S.C.F.

The letters I.S.C.F. mean Inter-School Christian Fellowship. The purpose of this organization was to foster Christian fellowship in the school.

This was done by the study of the Bible, listening to guest ministers from many of our city churches, viewing films that have a Christian theme, singing, discussions and socials.

Pioneer Camp, an I.S.C.F. camp is conducted during the summer for Junior and Senior High School students. Here students may go horse back riding, hayriding, canoeing, hiking, play games such as volleyball, basketball and try their skill at archery. All this gives us an opportunity to meet other students and have Christian fun and fellowship.

WRESTLING CLUB

The Wrestling club was organized to teach the boys the skills of Amateur Wrestling. They followed the Olympic Rules as set by International Competition. Under Mr. McDougall and Mr. Stan Black the club met Wednesday and Friday. The boys went through a vigorous workout every meeting and learned the skills of various holds in fighting. The boys faced three competitions this year. The interscholastic meet, the Calgary and District Amateur Wrestling Championships and the Provincial Amateur Championships.

Results of the 1960 Calgary and District Amateur Wrestling Championships for Colonel Irvine competitors was:

Manley Fredlund	Winner	Junior B Class	136½ lbs.
Dale Ruhl	Winner	Junior B Class	108 lbs.
Douglas Howes	Winner	Junior B Class	96 lbs.
Daan Eggenberger	Winner	Junior B Class	114½ lbs.
Bob Bissillion	Runner Up	Junior B Class	96 lbs.
Stewart Willner	Runner Up	Junior B Class	108 lbs.

Others winning one out of three events were Brian White, Gary Cameron and Bob Watt.

Inter-school meets also formed a part of the program. There were twenty-two club members. The club also performed very successfully for a school assembly.

TUMBLING CLUB

The tumbling club, consisting of 30 members, met Tuesday and Thursdays. The boys began their tumbling lessons with log rolls. Later, some had successfully completed many complicated stunts on various apparatus. Mr. McDougall was very happy when he saw the boys perform an effective gym display for the Spring Concert which was held in March. Tumbling is fun and boys who learn the fundamentals can progress very rapidly.

GIRLS GLEE CLUB

The glee club was held for girls who enjoy singing. At the Christmas program and Spring Concert the girls, who this year numbered 30, took part.

More difficult work could have been undertaken if the girls in grades eight and nine had continued to attend. The music performed has been of good quality and the experience has been both enjoyable and valuable to the girls. Mr. Jordan leads the group.

Y-TEEN

The year 1959-60 saw the establishment of a Y-Teen Club for the girls in Colonel Irvine. The club had 30 members all of which were proud to belong.

The year's activities for the club consisted of a variety of projects. Two candy sales were held - one in November for the Junior High and another in March for the Elementary. Both were successful.

During some of the regular meetings speakers from the Y.W.C.A. were invited. They talked on various subjects such as the history of the Y.W.C.A. and crafts. These topics, the girls found, were interesting and informative.

The club also made several trips to the Y. One of the trips, which was the most enjoyed, was the "Hanging of the Green" the week before Christmas. This is the time when all the Y-Teen girls help to decorate the "Y" for Christmas.

The last project of the year was an Easter Tea which was held on April 11 in the school auditorium. Mothers, teachers and friends were invited to attend the tea. The tea was a club project to which all Y-Teen members contributed.

The executive for the year was Karlene Rothwell - president, Judy Bowerman - secretary, Mary Ann Davis - treasurer, and Miss Schawalter was the teacher sponsor.

CHEERLEADERS

During the past year the cheerleaders under the leadership of Gail Potter were very active, with Miss Lynne teacher sponsor.

The first fund raising venture was a Slave Sale which was quite a success. In the latter part of February a Candy Sale was held. The sum of eight dollars was raised towards the new cheerleading costumes. To help raise more funds for the costumes the cheerleaders helped organize the Spring Concert and served as usherettes, ticket takers and messengers.

FRENCH CLUB

The French club this year devoted its meetings to learning something about the French people, their language and their life. At the beginning of the year the club lead an interesting book about "Montreal." After this they examined many exciting travel folders that gave a clearer picture of the people and the country. The members then learned the numbers up to one hundred so they could play "Bingo" in French. Mrs. Hendel, teacher sponsor, showed two interesting films as well. The French club had a very successful and rewarding year.

WOODWORKING CLUB

The woodworking club was organized this year to help Mr. Koper build different items for the school. The club consisted of 16 members. Altogether picture frames, bookshelves, a suggestion box, numbers for the parking lot, a record bar, meter racks and drawers for 399 film strips were completed.

NEWSPAPER CLUB

The newspaper club has had a successful bi-monthly paper put out containing interesting events around the school this year. We would like to thank the student body for making this possible.

A candy sale was held in February which went over very well. This sale was held in conjunction with the cheerleaders. Approximately \$14.80 was brought in.

The club also sponsored a successful "Sock Hop" in March to celebrate St. Patrick's Day. Miss Johanson was teacher sponsor, Marjorie Murray was editor in chief and Dick Goll was the president.

GIRLS JUNIOR LEADERS

The Junior Leaders of Colonel Irvine started 1959-60 with twenty-seven girls. This active organization refereed houseleague volleyball, basketball, bordenball and floor hockey. During the year the girls provided entertainment for the March assembly with Hoola Hoop rhythmos and folk-dancing. The girls also displayed their talents with the Hoola Hoops at the Balmoral Muscial Demonstration and on T.V. May 1st.

The Junior Leaders also sponsored a "Photo Contest" in April. If the number of cameras observed around the school was any indication of the popularity of this contest; it was a huge success. Mrs. Grose was teacher sponsor.
